On Monday, Abdullahi Abdulloh, the chairman of the High Council of Islamic Consultative, said in a press conference said that the

chapter has been opened in US and Afghanistan relations," he said. In his meeting with the Afghan delegation, US President too had promised the Afghan leaders a "sustained" partnership even as he moves to accelerate winding down the US's longest war in Afghanistan. **The Kabul Times**

KABUL: Interior Ministry spokesman Tariq Ariyan said Monday that all motorcycles are banned on the streets of Kabul city and in the province until further notice.

"Realizing that there will be a temporary problem for some of our dear compatriots, there is a demand for full cooperation with the security forces in this regard," he said.

Ariyan added that this restriction applies to all motorcycles – licensed and unlicensed and any seen on the streets will be stopped by police. He did not give reasons for the decision. **The Kabul Times**
